

ITRUSTAI

Guardrails for Responsible AI

Empowering Ethical, Transparent, Responsible and Compliant AI Deployments

About ITRUSTAI

ITRUSTAI is designed for organizations that prioritize responsible AI deployment. It provides a comprehensive validation and monitoring framework to ensure that AI systems are fair, explainable, robust, and compliant with the latest International Standards and Regulatory Requirements.

Key Benefits

Fairness:

Detects bias to prevent unintended discrimination and improve equitable outcomes.

Explainability:

Provides interpretable model explanations, empowering stakeholders to understand AI decisions.

Robustness:

Validates stability under various real-world conditions, enhancing reliability and trust.

Transparency:

Assessment of development and deployment of AI systems for conformance to International Standards and Regulations.

International Compliance

ITRUSTAI ensures alignment with major international AI regulations and standards, including:

European Union EU AI Act:

Compliance with the EU's comprehensive AI regulatory framework.

NIST AI Risk Management Framework:

Adherence to guidelines by the U.S. National Institute of Standards and Technology.

IEEE Global Initiative on Ethics:

Integrated ethical considerations following IEEE standards.

ISO/IEC 42001:

Supports compliance with ISO's AI management system requirements, helping organizations get certified to ISO.

Few salient areas where ITRUSTAI enhances AI system trustworthiness:

➡ Bias Detection in Hiring Systems:

ITRUSTAI detects bias in automated hiring platforms, preventing gender or racial biases from affecting recruitment decisions.

➡ Explainable Decision-Making in Finance:

ITRUSTAI provides clear explanations for AI-driven credit scoring, fostering transparency and trust in financial assessments.

➡ Healthcare Diagnostics:

Ensures robust AI diagnostics by validating performance across diverse patient groups, thus minimizing diagnostic errors due to bias.

Not limited only to the above, ITRUSTAI is a solution for all areas where AI systems are deployed and you want to ensure that AI you deploy is Responsible, Ethical and Complies with International Standards and Regulations.

When trust matters in AI, you can trust on ITRUSTAI.

Take Responsibility in Your AI Adoption Today!
